(xv) Temperature in the Club Room

Many complaints that it is too cold. Discussion resulted in agreement that David Sydes would request the technician to increase the temperature to 23.

(xvi) Volunteers for Tuesday Kitchen duties.

Members not willing to assist as at the other sessions. Tuesday has one of the larger attendances and there may need to be greater incentives. The Treasurer provided data re the costs involved in hiring someone to carry out Kitchen duties.

"To employ someone, we would have to pay them under the "Amusement, Events and Recreation Award 2020". This specifies a minimum shift of 4 hours, at a rate of \$23.23 per hour (Grade 1). When casual loading and superannuation is added in, this comes to \$128.93 for the shift. If we pay for someone for one session, we would also need to pay for other sessions I would think - so annual cost would be at least \$40,225."

It was agreed that David Sydes would explain to the Members playing on Tuesday why it was not considered economically prudent to employ someone.

Moved; Margaret Prentice: **Seconded;** Irene Komen. **Carried.**

She sent an email to TBC and the Community Facilities Leasing Manager John McKay who has contacted the Secretary of TBC re the way forward. Prior to the flood event there had been a meeting to discuss solutions. Options were 1. Do nothing and cope with community parking in the non-leased portion of the car park, 2. Negotiate with the Council Parks Management for physical control of the area. 3. Lease the entire parking area. Both 2 and 3 would require negotiating with the Soccer Club. The Secretary spoke

to the President of the Soccer Club. They have no interest in leasing any part of the area. Previous TBC Committees had rejected the idea of leasing more of the available space because of the potential costs involved with ongoing maintenance.
